

NCAA Information Session

Nov 24th 2022

A dark blue diagonal gradient bar that starts from the bottom left corner and extends towards the top right corner, covering the lower half of the slide.

General information regarding NCAA eligibility.

There are 2 steps
to being eligible to
play NCAA sports

STEP #1

Being accepted to play sports by the NCAA itself. In order to participate in a NCAA sport, students must register with the NCAA Eligibility Center and have their course work reviewed and accepted and amateurism confirmed by the NCAA.

STEP #2

Once declared eligible for NCAA play, student must also meet the entrance requirements for the school they are looking to attend. These are often more rigorous than the NCAA requirements.
